Note: Vacant Positions that will not be filled during the quarter should also not be included on a district’s participant list.

Providers who are members of a cooperative or shared services arrangement MUST submit separate SHARS cost reports, which means each ISD must have a district specific RMTS participant list that includes “contracted staff” employed by the fiscal agent and district employees for which costs will be claimed.
RMTS non-compliance is grounds for recoupment of federal funds received during the FFY(s) in which the default occurs.

- Costs for staff on the PL that did not perform direct services should not be claimed on the cost report.
